

VIZION DRIVEN COMMUNITIES

PRESENTS

RAD 101:

A Free Forum for PHAs

The Rental Assistance Demonstration (RAD) program was created to give public housing authorities a powerful tool to preserve and improve their portfolio and to address major deficits in resources to properly maintain or update public housing units.

Join **Vizion Driven Communities** at this FREE event to learn about RAD and what it can do for your housing authority.

We will be joined by **Peggy Horton** of **Columbiana Housing Authority**, and **Nettie Goodwin** of **Talladega Housing Authority**.

Both PHAs have converted their entire portfolio through the RAD program.
